INTERNATIONAL Sunday School Lesson COMMENT

ISRAEL SPARED, OR PASSED OVER

Exodus 12:21-31—Aug. 10.

"The Son of Man came not to be ministered unto, but to minister, and to give His life a ransom for many."—Matthew 20:28.

THE tenth plague upon the Egyptians for their persistent injustice toward the Hebrews was the death of their first-borns. In every home there was death—the first-born son or daughter. The terror of such a night can better be imagined than described.

In Scripture death is always represented as the enemy of man—the penalty of sin. The death sentence came upon our first parents because of sin, and by the laws of heredity has passed to all their children—the human family. The Bible tells us that the only hope for recovery lies in the fact that God has made preparations for the satisfaction of Justice through the death of Jesus; and that during Messiah's reign the curse of death shall be removed.

What God brought upon the Egyptians in that night was, therefore, merely the same penalty that has been against all mankind for six thousand years. The first-borns, retiring in good health, were corpses before morning. The death sentence coming upon them more suddenly than it otherwise would have done.

This plague did not touch the homes of the Israelites. Their first-borns were passed over, spared, by the Almighty; hence the name Passover. By Divine command the Israelites made the anniversary of this event historical. Every Israelite shows his faith in God and his confidence in this record of Divine deliverance of his forefathers, when he celebrates the Passover.

The Passover's Real Meaning.

Israel's experiences in being passed over were allegorical. As a type they represented the experiences of God's Elect—Spiritual Israel, God's saintly people, gathered from all nations and denominations. The chief members came from Natural Israel, but no nation can lay exclusive claims. It is an elect class, chosen along the line of character alone.

Spiritual Israel was represented in the first-borns of fleshly Israel, passed over in that night. The next morning Israel went forth under the leadership of the first-borns, who subsequently became the priestly tribe, typically representing the Royal Priesthood, whose Royal High Priest is the glorified Messiah.

Just as the first-borns of Israel were not the only ones saved from Egyptian bondage, so the Church of the First-borns (Hebrews 12:23) will not be the only ones saved from the bondage of sin and death, symbolized by that Egyptian bondage. The preservation of the First-borns implies the deliverance of the remainder.

"Israel My First-Born."

Since deliverance from the power of sin and death was of God's grace, and not an obligation of justice, He had a perfect right to determine long in advance that His blessings should reach mankind through Abraham's Seed. Unnoticed by the Jews, the Lord indicated that Abraham would have two seeds: one a Heavenly, the other an earthly. Thus He said, "Thy seed shall be (1) as the stars of heaven, and (2) as the sand of the sea shore." God, in His wisdom, did not explain to Abraham the significance of this figurative statement. We, however, are permitted to see the meaning even of this feature of the Promise.

The stars represent the Heavenly Seed of Abraham—Messiah and His Church. The sand of the sea shore represents the vast multitude who will ultimately be saved from sin and death, and recovered to Divine favor and everlasting life in the Messianic Kingdom. God's providences were to the Jew first as respects spiritual privileges, and will be to the Jew first as respects earthly privileges—Restitution to human perfection.

First-Born Blood-Protected.

Let us not fail to note that Divine favor toward the first-borns of Israel was not without blood. Indeed, the whole lesson of the Old Testament Scriptures is that "without the shedding of blood there is no remission" of sins. The Israelites took a lamb of the first year without spot, killed it and sprinkled its blood upon the door posts and lintels of their houses, and ate the flesh within.

As the Passover was typical, so also were the lamb and the sprinkled blood. The lamb represented Jesus, the Lamb of God. His death was for the sins of humanity. Christ died not merely for the Church, but, as the Scriptures declare, for the sins of the whole world.

The Church is passed over in this night of sin, especially saved in advance of the others, through the merit of the Blood. That the Blood covers more than the First-borns is shown by the fact that in the type it was sprinkled not merely upon the first-borns, but upon the house, as indicating the Household of Faith.

Baby is Like a... Growing Flower

Do you know that Baby does not look the same at six months as he did at three, but is continually developing and unfolding, as it were, and the growth of the wonderful human brain keeps showing in the face and in the baby's actions until at twelve months one would hardly know Baby for the little bundle of helplessness which came into this world.

What would you value as highly as a record of Baby's growth and development in good pictures, say one each month, or at least every three months, for the first year, and then possibly not so often? Imagine such a record of Baby mounted in a fine leather-bound album. Would it not be the finest and most interesting possession in the home, and wouldn't you be proud to show it to your friends?

Ask for our prices on oblique picture of Baby every month mounted in a fine leather back album. Pictures made at the home if preferable.
